Bambino er et utrolig mykt og flott garn som består av 50% bomull og 50% ekte bambus. Garnet egner seg meget godt til baby, barn og voksne. Garnet er spunnet og tvunnet på en meget spesiell måte, som gir plaggene både stabilitet og godt volum i strikkeplagg. Et godt garn til alle årstider som alltid gir gode resultater. Bambusfiberen gir både styrke og volum i garnet.
