Baby Merino består av 100% Ekstra Fin Merino Ull. Garnet er superwashbehandlet, slik at det tåler å bli vasket hyppig i maskin. Merinoullen er kjent for å være isolerende, holder på varmen og leder fuktighet bort fra kroppen. Dette takket være fiberens fine struktur. Baby Merino er et kabelvunnet merinoullgarn. **Leverandøren garanterer at mulesing ikke forekommer i merinoullen.** Produsert i Kina.
